

**Form Make-Whole and Swap Indemnity Language<sup>+</sup>**

**Section 8.[X] Make-Whole Amount and Modified Make-Whole Amount.**

(a) Make-Whole Amount and Modified Make-Whole Amount with respect to Non-Swapped Notes

The terms “**Make-Whole Amount**” and “**Modified Make-Whole Amount**” mean, with respect to any Non-Swapped Note, an amount equal to the excess, if any, of the Discounted Value of the Remaining Scheduled Payments with respect to the Called Principal of such Non-Swapped Note over the amount of such Called Principal, *provided* that neither the Make-Whole Amount nor the Modified Make-Whole Amount may in any event be less than zero. All payments of Make-Whole Amount and Modified Make-Whole Amount in respect of any Non-Swapped Note shall be made in [ ]<sup>1</sup>. For the purposes of determining the Make-Whole Amount and/or Modified Make-Whole Amount with respect to any Non-Swapped Note, the following terms have the following meanings:

“**Applicable Percentage**” in the case of a computation of the Modified Make-Whole Amount for purposes of Section 8.3 means **1.00%**[ ]% ([ ] **basis points**), and in the case of a computation of the Make-Whole Amount for any other purpose means **0.50%**[ ]% ([ ] **basis points**).

“**Called Principal**” means the principal of such Non-Swapped Note that is to be prepaid pursuant to Section 8.2 or Section 8.3 or has become or is declared to be immediately due and payable pursuant to Section 12.1, as the context requires.

“**Discounted Value**” means, with respect to the Called Principal of such Non-Swapped Note, the amount obtained by discounting all Remaining Scheduled Payments with respect to such Called Principal from their respective scheduled due dates to the Settlement Date with respect to such Called Principal, in accordance with accepted financial practice and at a discount factor (applied on the same periodic basis as that on which interest on the Non-Swapped Note is payable) equal to the Reinvestment Yield with respect to such Called Principal.

“**Non-Swapped Note**” means any Note other than a Swapped Note.

“**Recognized [ ] Government Bond| Market Makers**” means internationally recognized dealers of [ ] Government bonds selected by the Company and reasonably acceptable to the holders of more than 50% in principal amount of the Non-Swapped Notes at the time outstanding (exclusive of Notes then owned by the Company or any of its Affiliates).

“**Reinvestment Yield**”<sup>22</sup> means, with respect to the Called Principal of such Non-Swapped Note, the sum of (x) the Applicable Percentage plus (y) the yield to maturity implied by ~~(i)~~ the **yields** “**Ask Yield(s)**” reported as of 10:00 **Aa.Mm.** (New York City time) on the second Business Day preceding the Settlement Date with respect to such Called Principal, on the display designated

as [“Page O#[ \_\_\_\_\_ BMK]”<sup>3</sup>]-~~on the Reuters Screen~~ (or such other display as may replace [Page O#[ \_\_\_\_\_ BMK]-~~on the Reuters Screen~~]) on Bloomberg Financial Markets for the most recently issued actively traded [on the run] [\_\_\_\_\_ Government bonds]<sup>4</sup> Government bonds (“Reported”) having a maturity equal to the Remaining Average Life of such Called Principal as of such Settlement Date, ~~or (ii) if such yields are not reported as of such time or the yields reported.~~ If there are no such [ \_\_\_\_\_ ] Government bonds Reported having a maturity equal to such Remaining Average Life, then such implied yield to maturity will be determined by (a) converting [ \_\_\_\_\_ ] Government bond quotations to bond equivalent yields in accordance with accepted financial practice and (b) interpolating linearly between the “Ask Yields” Reported for the applicable most recently issued actively traded [on-the-run] [ \_\_\_\_\_ ] Government bonds with the maturities (1) closest to and greater than such Remaining Average Life and (2) closest to and less than such Remaining Average Life. The Reinvestment Yield shall be rounded to the number of decimal places as appears in the interest rate of such Non-Swapped Note.

If such yields are not Reported or the yields Reported as of such time are not ascertainable (including by way of interpolation), then “Reinvestment Yield” means, with respect to the Called Principal of such Non-Swapped Note, the average of the yields for such ~~securities as determined by [ \_\_\_\_\_ ] Government bonds having a maturity equal to the Remaining Average Life of such Called Principal as of such Settlement Date as reported by two~~ Recognized [ \_\_\_\_\_ Government Bond] Market Makers. ~~In the case of each determination under clause (i) or (ii), as the case may be, of the preceding paragraph~~ If there are no such [ \_\_\_\_\_ ] Government bonds having a term equal to such Remaining Average Life, such implied yield will be determined, ~~if necessary, by (a) converting [ \_\_\_\_\_ Government bond] quotations to bond equivalent yields in accordance with accepted financial practice and (b) by~~ interpolating linearly between (1) the applicable [ \_\_\_\_\_ Government bond] with the maturity closest to and greater than such Remaining Average Life and (2) the applicable [ \_\_\_\_\_ Government bond] with the maturity closest to and less than such Remaining Average Life. The Reinvestment Yield shall be rounded to the number of decimal places as appears in the interest rate of such Non-Swapped Note.

“**Remaining Average Life**” means, with respect to any Called Principal, the number of years ~~(calculated to the nearest one-twelfth year)~~ obtained by dividing (i) such Called Principal into (ii) the sum of the products obtained by multiplying (a) the principal component of each Remaining Scheduled Payment with respect to such Called Principal by (b) the number of years ~~(, computed on the basis of a 360-day year comprised of twelve 30-day months and~~ calculated to ~~the nearest one-twelfth year)~~ two decimal places, that will elapse between the Settlement Date with respect to such Called Principal and the scheduled due date of such Remaining Scheduled Payment.

**“Remaining Scheduled Payments”** means, with respect to the Called Principal of any Non-Swapped Note, all payments of such Called Principal and interest thereon that would be due after the Settlement Date with respect to such Called Principal if no payment of such Called Principal were made prior to its scheduled due date, *provided* that if such Settlement Date is not a date on which ~~an~~ interest ~~payment is~~ payments are due to be made under the terms of such Non-Swapped Note, then the amount of the next succeeding scheduled interest payment will be reduced by the amount of interest accrued to such Settlement Date and required to be paid on such Settlement Date pursuant to Section 8.2, Section 8.3 or Section 12.1.

**“Settlement Date”** means, with respect to the Called Principal of any Non-Swapped Note, the date on which such Called Principal is to be prepaid pursuant to Section 8.2 or Section 8.3 or has become or is declared to be immediately due and payable pursuant to Section 12.1, as the context requires.

(b) Make-Whole Amount and Modified Make-Whole Amount with respect to Swapped Notes

The terms **“Make-Whole Amount”** and **“Modified Make-Whole Amount”** mean, with respect to any Swapped Note, an amount equal to the excess, if any, of the Swapped Note Discounted Value of the Swapped Note Remaining Scheduled Swap Payments with respect to the Swapped Note Called Notional Amount related to such Swapped Note over such Swapped Note Called Notional Amount, *provided* that neither the Make-Whole Amount nor the Modified Make-Whole Amount may in any event be less than zero. All payments of Make-Whole Amount and Modified Make-Whole Amount in respect of any Swapped Note shall be made in U.S. Dollars. For the purposes of determining the Make-Whole Amount and/or ~~the~~ Modified Make-Whole Amount with respect to any Swapped Note, the following terms have the following meanings:

**“New Swap Agreement”** means any cross-currency swap agreement (which does not qualify as a Replacement Swap Agreement) pursuant to which the holder of a Swapped Note is to receive payment in U.S. Dollars and which is entered into in full or partial replacement of an Original Swap Agreement as a result of such Original Swap Agreement having terminated for any reason ~~other than a non-scheduled prepayment or a repayment of such Swapped Note prior to its scheduled maturity~~. The terms of a New Swap Agreement with respect to any Swapped Note do not have to be identical to those of the Original Swap Agreement with respect to such Swapped Note. Any holder of a Swapped Note that enters into or terminates a New Swap Agreement shall within a reasonable period of time thereafter deliver to the Company (i) an updated Schedule 8.[X] describing the confirmation or termination related thereto or (ii) a copy of the confirmation or termination related thereto.

**“Original Swap Agreement”** means, with respect to any Swapped Note, (x) a cross-currency swap agreement and annexes and schedules thereto (an

“Initial Swap Agreement”) that is entered into on an arm's length basis by the original  ~~purchaser~~ Purchaser of such Swapped Note (or any affiliate thereof) in connection with the execution of this Agreement and the purchase of such Swapped Note and relates to the scheduled payments by the Company of interest and principal on such Swapped Note, under which the  ~~holder~~ Purchaser of such Swapped Note is to receive payments from the counterparty thereunder in U.S. Dollars and which is more particularly described on Schedule 8.[X]<sup>5</sup> hereto, (y) any Initial Swap Agreement that has been assumed (without any waiver, amendment, deletion or replacement of any material economic term or provision thereof) by a holder of a Swapped Note in connection with a transfer of such Swapped Note and (z) any Replacement Swap Agreement; and a “Replacement Swap Agreement” means, with respect to any Swapped Note, a cross-currency swap agreement and annexes and schedules thereto with payment terms and provisions (other than a reduction in notional amount, if applicable) identical to those of the Initial Swap Agreement with respect to such Swapped Note that is entered into on an arm's length basis by the holder of such Swapped Note in full or partial replacement (by amendment, modification or otherwise) of such Initial Swap Agreement (or any subsequent Replacement Swap Agreement) in a notional amount not exceeding the outstanding principal amount of such Swapped Note following a non-scheduled partial prepayment or a partial repayment or purchase of such Swapped Note prior to its scheduled maturity. Any holder of a Swapped Note that enters into, assumes or terminates an Initial Swap Agreement or Replacement Swap Agreement shall within a reasonable period of time thereafter deliver to the Company (i) an updated Schedule 8.[X] describing the confirmation, assumption or termination related thereto or (ii) a copy of the confirmation, assumption or termination related thereto.

“Swap Agreement” means, with respect to any Swapped Note, an Original Swap Agreement or a New Swap Agreement, as the case may be.

“Swapped Note” means any Note that as of the date of the Closing is subject to a Swap Agreement. A “Swapped Note” shall no longer be deemed a “Swapped Note” ~~at such time for so long~~ as the related Swap Agreement ceases to be in force in respect thereof; provided that if there is any Note that is a Swapped Note outstanding as of the date on which either the Company has provided notice of prepayment or offer of prepayment [or purchase]<sup>6</sup> of such Note pursuant to Section 8 or such Note has become or is declared to be immediately due and payable pursuant to Section 12.1, then such Note shall be deemed to be a Swapped Note until payment in full of the principal, interest and Make-Whole Amount or Modified Make-Whole Amount (if any) and Swap Breakage Amount due with respect to such Note.

“Swapped Note Applicable Percentage” means ~~1.00%~~ [ ]% ([ ] basis points) in the case of a computation of the Modified Make-Whole Amount and means ~~0.50%~~ [ ]% ([ ] basis points) in the case of a computation of the Make-Whole Amount.

**“Swapped Note Called Notional Amount”** means, with respect to any Swapped Note Called Principal of any Swapped Note, the payment in U.S. Dollars due to the holder of such Swapped Note under the terms of the Swap Agreement to which such holder is a party, attributable to and in exchange for such Swapped Note Called Principal and assuming that such Swapped Note Called Principal is paid on its scheduled ~~maturity~~payment date, *provided* that if such Swap Agreement is not an ~~Initial~~Original Swap Agreement, then the “Swapped Note Called Notional Amount” in respect of such Swapped Note shall not exceed the amount in U.S. Dollars which would have been due to the holder of such Swapped Note under the terms of the ~~Initial~~Original Swap Agreement to which such holder was a party (or if such holder was never party to an ~~Initial~~Original Swap Agreement, then the last ~~Initial~~Original Swap Agreement to which the most recent predecessor in interest to such holder as a holder of such Swapped Note was a party), attributable to and in exchange for such Swapped Note Called Principal and assuming that such Swapped Note Called Principal is paid on its scheduled ~~maturity~~payment date.

**“Swapped Note Called Principal”** means, with respect to any Swapped Note, the principal of such Swapped Note that is to be prepaid pursuant to Section 8.2 or Section 8.3 or has become or is declared to be immediately due and payable pursuant to Section 12.1, as the context requires.

**“Swapped Note Discounted Value”** means, with respect to the Swapped Note Called Notional Amount of any Swapped Note that is to be prepaid pursuant to Section 8.2 or Section 8.3 or has become or is declared to be immediately due and payable pursuant to Section 12.1, as the context requires, the amount obtained by discounting all Swapped Note Remaining Scheduled Swap Payments corresponding to the Swapped Note Called Notional Amount of such Swapped Note from their respective scheduled due dates to the Swapped Note Settlement Date with respect to such Swapped Note Called Notional Amount, in accordance with accepted financial practice and at a discount factor (applied on the same periodic basis as that on which interest on such Swapped Note is payable) equal to the Swapped Note Reinvestment Yield with respect to such Swapped Note Called Notional Amount.

**“Swapped Note Reinvestment Yield”** means, with respect to the Swapped Note Called Notional Amount of any Swapped Note, the sum of (x) ~~the~~ Swapped Note Applicable Percentage plus (y) the yield to maturity implied by ~~(1)~~ ~~the yields~~“Ask Yield(s)” reported, as of 10.00 ~~Aa.Mm.~~ (New York City time) on the second Business Day preceding the Swapped Note Settlement Date with respect to such Swapped Note Called Notional Amount, on the display designated as “Page PX1” (or such other display as may replace Page PX1) on ~~the~~ Bloomberg Financial Markets for the most recently issued actively traded on ~~the~~ ~~run~~ U.S. Treasury securities  (“Reported”) having a maturity equal to the Swapped Note Remaining Average Life of such Swapped Note Called Notional Amount as of such Swapped Note Settlement Date, ~~or (2) if such yields are not~~

~~reported as of such time.~~ If there are no such U.S. Treasury securities Reported having a maturity equal to such Swapped Note Remaining Average Life, then such implied yield to maturity will be determined by (a) converting U.S. Treasury bill quotations to bond equivalent yields in accordance with accepted financial practice and (b) interpolating linearly between the “Ask Yields” Reported for the applicable most recently issued actively traded on-the-run U.S. Treasury securities with the maturities (1) closest to and greater than such Swapped Note Remaining Average Life and (2) closest to and less than such Swapped Note Remaining Average Life. The Swapped Note Reinvestment Yield shall be rounded to the number of decimal places as appears in the interest rate of the applicable Swapped Note.

If such yields are not Reported or the yields ~~reported~~Reported as of such time are not ascertainable (including by way of interpolation), ~~the Treasury Constant Maturity Series Yields~~then “Swapped Note Reinvestment Yield” means, with respect to the Swapped Note Called Notional Amount of any Swapped Note, the sum of the (x) Swapped Note Applicable Percentage plus (y) the yield to maturity implied by the U.S. Treasury constant maturity yields reported for the latest day for which such yields have been so reported as of the second Business Day preceding the Swapped Note Settlement Date with respect to such Swapped Note Called Notional Amount, in ~~U.S.~~ Federal Reserve Statistical Release H.15 (or any comparable successor publication) for ~~applicable~~the U.S. Treasury ~~securities having a~~ constant maturity having a term equal to the Swapped Note Remaining Average Life of such Swapped Note Called Notional Amount as of such Swapped Note Settlement Date. ~~In the case of each determination under clause (1) or (2), as the case may be, of the preceding paragraph such implied yield~~If there is no such U.S. Treasury constant maturity having a term equal to such Swapped Note Remaining Average Life, such implied yield to maturity will be determined, ~~if necessary, by (A) converting U.S. Treasury bill quotations to bond equivalent yields in accordance with accepted financial practice and (B) by~~ interpolating linearly between ~~(i)~~1 the ~~applicable~~ U.S. Treasury ~~security~~constant maturity so reported with the ~~maturity term~~ term closest to and greater than ~~the~~such Swapped Note Remaining Average Life ~~of such Swapped Note Called Notional Amount~~ and ~~(ii)~~2 the ~~applicable~~ U.S. Treasury ~~security~~constant maturity so reported with the ~~maturity term~~ term closest to and less than such Swapped Note Remaining Average Life. The Swapped Note Reinvestment Yield shall be rounded to the number of decimal places as appears in the interest rate of ~~such~~the applicable Swapped Note.

“Swapped Note Remaining Average Life” means, with respect to any Swapped Note Called Notional Amount, the number of years ~~(calculated to the nearest one-twelfth year)~~ obtained by dividing ~~(xi)~~(x) such Swapped Note Called Notional Amount into ~~(yii)~~(y) the sum of the products obtained by multiplying ~~(1a)~~(1) the principal component of each Swapped Note Remaining Scheduled Swap ~~Payments~~Payment with respect to such Swapped Note Called Notional Amount by ~~(2b)~~(2) the number of years ~~(computed on the basis of a 360-day year~~

comprised of twelve 30-day months and calculated to ~~the nearest one-twelfth year~~two decimal places, that will elapse between the Swapped Note Settlement Date with respect to such Swapped Note Called Notional Amount and the scheduled due date of such Swapped Note Remaining Scheduled ~~Payments~~Swap Payment.

“**Swapped Note Remaining Scheduled Swap Payments**” means, with respect to the Swapped Note Called Notional Amount relating to any Swapped Note, the payments due to the holder of such Swapped Note in U.S. Dollars under the terms of the Swap Agreement to which such holder is a party which correspond to all payments of the Swapped Note Called Principal of such Swapped Note corresponding to such Swapped Note Called Notional Amount and interest on such Swapped Note Called Principal (other than that portion of the payment due under such Swap Agreement corresponding to the interest accrued on the Swapped Note Called Principal to the Swapped Note Settlement Date) that would be due after the Swapped Note Settlement Date ~~in~~with respect ~~of~~to such Swapped Note Called Notional Amount assuming that no payment of such Swapped Note Called Principal is made prior to its originally scheduled payment date, *provided* that if such Swapped Note Settlement Date is not a date on which an interest payment is due to be made under the terms of such Swapped Note, then the amount of the next succeeding scheduled interest payment will be reduced by the amount of interest accrued to such Swapped Note Settlement Date and required to be paid on such Swapped Note Settlement Date pursuant to Section 8.2, Section 8.3 or Section 12.1.

“**Swapped Note Settlement Date**” means, with respect to the Swapped Note Called Notional Amount of any Swapped Note Called Principal of any Swapped Note, the date on which such Swapped Note Called Principal is to be prepaid pursuant to Section 8.2 or Section 8.3 or has become or is declared to be immediately due and payable pursuant to Section 12.1, as the context requires.

#### **Section 8.[Y] Swap Breakage.**

(a) If any Swapped Note is prepaid [or purchased]<sup>7</sup> pursuant to Section ~~8.2, 8.2,~~ or ~~Section 8.3~~<sup>8.3, 8.4 or 8.7</sup> or has become or is declared to be immediately due and payable pursuant to Section ~~12.1, then~~ ~~(a)~~12.1 (each a “Swap Unwind Event”), then upon any such Swap Unwind Event (i) any resulting ~~Net~~Swap Breakage Loss in connection therewith shall be reimbursed to the holder of such Swapped Note by the Company in U.S. Dollars ~~upon any such prepayment or repayment of such Swapped Note and (b) any resulting Net~~no later than five Business Days after the date such holder has delivered the Swap Breakage Amount Notice with respect to such Swap Unwind Event and (ii) any resulting Swap Breakage Gain in connection therewith shall be ~~deducted (i) from the Make-Whole Amount or Modified Make-Whole Amount, if any, or any principal or interest to be paid to the holder of such Swapped Note by the Company upon any such prepayment of such Swapped Note pursuant to Section 8.2 or Section 8.3<sup>7</sup> or (ii) from the Make-Whole Amount or Modified Make-Whole Amount, if any, to be paid to the holder of such Swapped Note by the Company upon any such repayment of such Swapped Note pursuant to Section 12.1, provided that, in either case, neither the~~forwarded

to the Company by the holder of such Swapped Note in U.S. Dollars no later than five Business Days after the date such holder shall have received payment in full of the principal, interest and Make-Whole Amount or Modified Make-Whole Amount, ~~as applicable, in respect of such Swapped Note may in any event be less than zero (if any) due hereunder with respect to such Swap Unwind Event.~~ Each holder of a Swapped Note shall be responsible for calculating its own ~~Net Loss or Net Gain, as the case may be, and~~ Swap Breakage Amount in U.S. Dollars ~~upon the prepayment or repayment of all or any portion of such Swapped Note, and such calculations as reported to the Company in reasonable detail shall be binding on the Company absent demonstrable error. As used in this Section 8.[Y] with respect to any Swapped Note that is prepaid or accelerated: “Net Loss” means the amount, if any, by which the Swapped Note Called Notional Amount exceeds the sum of (x) the Swapped Note Called Principal plus (or minus in the case of an amount paid) (y) the Swap Breakage Amount received (or paid) by the holder of such Swapped Note; and “Net Gain” means the amount, if any, by which the Swapped Note Called Notional Amount is exceeded by the sum of (x) the Swapped Note Called Principal plus (or minus in the case of an amount paid) (y) the Swap Breakage Amount received (or paid) by such holder. For purposes of any determination of any “Net Loss” or “Net Gain,” the Swapped Note Called Principal shall be determined by the holder of the affected Swapped Note by converting [Applicable Currency] into U.S. Dollars at the current [Applicable Currency]/U.S. Dollar exchange rate, as determined as of 10:00 A.M. (New York City time) on the day such Swapped Note is prepaid or accelerated as indicated on the applicable screen of Bloomberg Financial Markets and any such calculation shall~~ in connection with any Swap Unwind Event, and such calculations shall within a reasonable period of time thereafter be reported to the Company in writing and in reasonable detail (the “Swap Breakage Amount Notice”) and shall be binding on the Company absent demonstrable error.

(b) As used in this Section 8.[Y], “**Swap Breakage Amount**” means, with respect to the Swap Agreement associated with any Swapped Note, ~~in determining the Net Loss or Net Gain,~~ the amount that ~~would be~~ is received (in which case the Swap Breakage Amount shall be ~~positive~~ referred to as the “Swap Breakage Gain”) or paid (in which case the Swap Breakage Amount shall be ~~negative~~ referred to as the “Swap Breakage Loss”) by the holder of such Swapped Note ~~as if such Swap Agreement had terminated due to the occurrence of an event of default or an early termination~~ in connection with a termination or amendment of its Swap Agreement resulting from a Swap Unwind Event, where:

(i) such Swap Breakage Amount shall be calculated upon the inclusion of an accelerated exchange and payment of principal amounts and associated accrued and unpaid interest, whereby in connection with and incorporated into the termination or amendment of the Swap Agreement and determination of the Swap Breakage Amount, all remaining associated principal payments otherwise scheduled through the natural duration of the Swap Agreement and associated accrued and unpaid interest shall be accelerated and made (in their respective applicable currencies) at the time of the settlement of such termination or amendment (or, in the case of a Swap Unwind Event resulting from a Swapped Note becoming or being declared to be immediately due and payable pursuant to Section 12.1, as if

such remaining associated principal payments and associated accrued and unpaid interest had been accelerated and made at the time of the settlement of such termination); and

(ii) the holder of such Swapped Note shall determine such Swap Breakage Amount in good faith and in a commercially reasonable manner in accordance with customary practices for calculating such amounts under the ISDA 1992 Multi-Currency Cross Border Master Agreement or ISDA 2002 Master Agreement, as applicable (the “ISDA Master Agreement”); pursuant to which such holder entered into such Swap Agreement and assuming for the purpose of such calculation that there are no transactions outstanding under such ISDA Master Agreement other than such Swap Agreement,

*provided, however,* that if such holder (or its predecessor ~~in~~ interest with respect to such Swapped Note) was, but is not at the time, a party to an Original Swap Agreement but is a party to a New Swap Agreement, then the Swap Breakage Amount shall mean the lesser of (x) the ~~gain or loss (if any) which~~ Swap Breakage Amount that would have been received or ~~incurred (by payment, through off-set or netting or otherwise)~~ paid by the holder of such Swapped Note under the terms of the Original Swap Agreement (if any) in respect of such Swapped Note to which such holder (or any affiliate thereof) was a party (or if such holder was never a party to an Original Swap Agreement, then the last Original Swap Agreement to which the most recent predecessor in interest to such holder as a holder of a Swapped Note was a party) and ~~which would have arisen as a result of the payment of the Swapped Note Called Principal on the Swapped Note Settlement Date and (y) the gain or loss (if any)~~ (y) the Swap Breakage Amount actually received or ~~incurred~~ paid by the holder of such Swapped Note, ~~in connection with the payment of such Swapped Note Called Principal on the Swapped Note Settlement Date,~~ under the terms of the New Swap Agreement to which such holder (or any affiliate thereof) is a party. ~~The holder of such Swapped Note will make all calculations related to the Swap Breakage Amount in good faith and in accordance with its customary practices for calculating such amounts under the ISDA Master Agreement pursuant to which such Swap Agreement shall have been entered into and assuming for the purpose of such calculation that there are no other transactions entered into pursuant to such ISDA Master Agreement (other than such Swap Agreement).~~

~~<sup>1</sup>It is contemplated that this language would be used in a Note Purchase Agreement for issuance of Notes denominated in a currency other than the U.S. Dollars where the Issuer of the Notes, rather than entering into a currency swap for its own account has requested that the institutions purchasing the Notes (the "Purchasers") enter into the swap. The goal of the language is to put the Purchasers in no worse position with respect to any nonscheduled payments than they would have been had they loaned the Issuer U.S. Dollars and the Issuer had subsequently entered into a currency swap agreement to acquire the desired currency. From the Issuer's viewpoint, the language limits its liability for swap breakage amounts arising from swap agreements entered into by the Purchasers prior to closing (or swap agreements with identical terms entered into by the holders of the Notes post-closing) and identified in the Note Purchase Agreement (see "Original Swap Agreement"). If a Purchaser enters into a swap agreement other than an Original Swap Agreement (see "New Swap Agreement"), the Issuer will not be liable for any amount other than those amounts it would otherwise have had to pay under the Original Swap Agreement. In addition, the language reflects the current market convention (i) requiring a Purchaser to pay over to the Issuer amounts received when the swap agreement is terminated pursuant to a prepayment not resulting from an acceleration (including principal, interest and Make-Whole Amount) that exceeded the amount such Purchaser would have received but for entering into the swap agreement (see "Net Gain") and (ii) limiting the amount of Net Gain payable to the Issuer to any Make-Whole Amount (i.e. not including principal or interest) when a swap agreement is terminated pursuant to an acceleration.~~

<sup>1</sup> Form Note: Insert applicable non-U.S. Dollar currency.

<sup>2</sup> Form Note: This definition assumes the Non-Swapped Note is denominated in a currency other than U.S. Dollars.

<sup>3</sup> Form Note: Insert applicable screen (e.g., for Australian Dollars, "Page ~~O#AUBMK,~~ for British Pounds, "~~Page O#GBBMK~~PXAU").

<sup>4</sup> Form Note: Insert applicable securities (e.g., for Australian Dollars, "Australian Government bonds", for British Pounds, "gilt-edged securities").

<sup>5</sup> Form Note: Generally, the cross-currency swap agreements entered into at "rate lock" will be listed on Schedule 8.[X]. ~~However, it is anticipated that in order for certain US institutions to achieve hedge accounting treatment on their foreign currency investment, they will need to reset their swaps two business days prior to the funding date, and the reset swaps are the swaps that will be listed on Schedule 8.[X]. In such cases, the foreign currency interest rate payable by the issuer will not change from the foreign currency interest rate set at "rate lock" but the underlying US interest rate/exchange rate may change. Pre-closing unwind costs incurred as a result of such reset prior to close will be borne by the investor taking such step.~~

OPTIONAL: If any Purchaser of a Swapped Note does not want to have its Swap Description included in Schedule 8.[X], then the phrase which appears at the end of clause (x) of the definition of "Original Swap Agreement" which states "and which is more particularly described on Schedule 8.[X] hereto," may be replaced with the following:

"and which is more particularly described (i) on Schedule 8.[X] hereto or (ii) in a notice provided by such Purchaser to the Company prior to Closing (each a "Swap Description"), and, in the case of the immediately preceding clause (ii), the Company hereby agrees to promptly provide written acknowledgment to such Purchaser of such Swap Description prior to Closing."

A form of such acknowledgment of receipt appears below:

[Date]

[Purchaser's name]

[Purchaser's address]

Re: Note Purchase Agreement dated \_\_\_\_\_ entered into by [Company's name] and, among others, [Purchaser's name] (the "Note Purchase Agreement")

Dear [\_\_\_\_\_]:

[Company's name] hereby confirm receipt prior to Closing from [Purchaser's name] of the attached Swap Description regarding the Original Swap Agreement entered into by [Purchaser's name] in relation to the Swapped Note(s) purchased by [Purchaser's name], pursuant to the first sentence of the definition of "Original Swap Agreement" in Section 8.[X](b) (*Make-Whole Amount and Modified Make-Whole Amount with respect to Swapped Notes*) of the Note Purchase Agreement.

Capitalised terms that are used but not defined in this letter shall have the meanings given to them in the Note Purchase Agreement.

Sincerely,

[COMPANY'S NAME]

By: \_\_\_\_\_

[Name]

[Title]

<sup>6</sup> Form Note: References to "purchases" should be removed where the Note Purchase Agreement does not allow tender offers by the Company.

<sup>7</sup> Form Note: References to "purchases" should be removed where the Note Purchase Agreement does not allow tender offers by the Company.

<sup>6</sup> ~~Insert~~<sup>8</sup> Form Note: The Sections that are referenced here should include Sections with respect to Noteholder Sanctions Event Prepayment and Offer to Purchase Notes, and any other applicable prepayment ~~Section sections~~ (e.g., prepayment ~~on~~ upon change of control or sale of assets), even if no ~~Make-Whole Amount is payable~~ make-whole will be due.

<sup>7</sup> See footnote 6.
